

When God shakes your world, make sure to look up

April 23, 2023 | Dr. Hanna Shahin

Notes:

GROUP DISCUSSION QUESTIONS

1. What was the geographical scope of the great commission?
2. Where does revival really start?
3. How important is it to start with one's own Jerusalem?
4. If Jerusalem was the comfort zone of the twelve, what is yours?
5. God will push for his plan even during a great revival. We have two examples from Jerusalem and from Samaria. Explain in more detail.
6. Can you think of one redemptive value or two in your life for which the Lord used misfortune? Please note that a redemptive value can mean a closer walk with God, a better harvest of the fruits of the Spirit in your life, a God-glorifying testimony of your life to others as well as a host of other such values including the salvation of others.
7. Maybe we should not complain as much the next time God allows an earthquake of sorts in our lives. What happens next largely depends on how we react to it. Please explain in your own words.
8. What will win the world to Christ, evangelism, or disciple-making?
