-The immeasurable blessings of our salvation

Drop your anchor!

For believers who are standing firm – be careful to stay anchored!

For believers who are drifting – repent (turn around!) and cling to Christ!

For believers who have drifted – come back home to Jesus!

For those ready to believe – place your trust in Christ to receive so great a salvation!

GROUP DISCUSSION QUESTIONS

1. What stood out to you most from the message?
2. In your own words, describe how you have viewed angels in the past. And describe what we learn about angels in general in Hebrews 1?
3. Take some time to read the article above about angels. What are some things you learn about angels? How is a biblical understanding of angels different from how angels are often viewed?
4. The Hebrews were tempted to worship angels more than Jesus. Have you ever been tempted to become more focused on certain spiritual obsessions, experiences, or mediators more than Jesus himself? How did this affect your relationship with Jesus?
5. In general, what are some ways we can be tempted to cling to a lesser thing in this world and lose track of Jesus, the greater thing? (Consider the article “Jesus is Better” above)
6. Read Hebrews 2:1-4. According to the writer, what can happen to believers when we fail to pay attention to what we have heard?
7. What are some reasons why believers might be tempted to drift away from Christ today?
8. Describe a time when you drifted from Christ. What caused this drift? What were the consequences? How did Jesus pursue you to bring you back to Him?
9. What do you most love about Jesus?
10. What are some practical ways we can remember Jesus and not “neglect” or forget our salvation in Him?
